

*Presented by the International CML Foundation
in partnership with The Max Foundation*

You are invited to attend

iCMLf Forum for Physicians from Emerging Economic Regions

Managing CML given constraints in accessing therapies, accurate monitoring and the challenges of low-income settings.

Topics - The practicalities of...

- **Managing children with CML**

Speaker 1: Professor Deepak Bansal (India)

Speaker 2: Professor Meinholf Suttorp (Germany)

- **Treating CML with generic therapies**

Speaker 1: Dr Carolina Pavlovsky (Argentina)

Speaker 2: Professor Jeff Lipton (Canada)

- **Continuing long term CML therapy**

Speaker 1: Professor Qian Jiang (China)

Speaker 2: Professor Michael Mauro (USA)

This year's forum will be opened by Professor Tim Hughes (Australia) and moderated by patient advocate and the inaugural iCMLf ERSAP prize winner, Pat Garcia-Gonzalez (CEO of The Max Foundation).

The iCMLf Forum is a special event and unique opportunity to network and share experiences, challenges and successes with colleagues and CML experts including many of the iCMLf Directors and Advisors.

to be held during the annual American Society of Hematology meeting

Friday 4 December 2015

1.00 pm - 3.00 pm

Hilton Orlando, Florida, USA
